Q: Change the background of textfield without using CSS Is it possible to change the color of a textfield without using CSS? I have some textfields in a form which should all be the same. A: You may have to use JavaScript. `var myField = document.getElementById('myField'); myField.style.background = "#fff0d8";`; If you don't want to use JavaScript, then you'll have to use a CSS background image.
