Zoolz For Windows

Every file, document, media has one enemy: time. We all dread the moment when we must empty our computer and look for backup copies of our precious data, hoping we will not miss something important. In most cases, this is not just a simple task. You need to be very careful with the organizational structure of your important files, and to make sure that all backups are up-to-date. The only way to be completely sure that all your data will be backed up is by using a software utility. Zoolz is such an application. If your files deserve a special protection, Zoolz is the solution. Zoolz provides you with a powerful, easy-to-use backup and security software that allows you to save your data in the safety of the cloud, which makes it incredibly easy to search, recover and restore your data. Zoolz is a comprehensive tool that lets you protect your files from loss, accidental deletion or corruption. You can back up all local drives, network drives and removable media without harming the original files. Zoolz uses the cloud service to store your data from all available drives and removable media. This cloud-based backup ensures that your data always stays safe and up-to-date. Zoolz automatically backs up the important data and files on your computer, such as documents, pictures, personal videos and audio files. To simplify the backup process, you can protect files by group or by specific folders. The comprehensive backup interface allows you to configure automatic backups and schedule them for certain days or even for recurring intervals. Zoolz is a completely automated, private cloud solution that provides you with a wide range of features. With Zoolz you can view, backup and sync all your online files to a web cloud, such as Microsoft SkyDrive. There, you can securely store your data and access it from any computer or mobile device. With Zoolz, your backup data is available offline, too, allowing you to work even without an internet connection. Zoolz is available in more than 40 languages, and it is 100% FREE.
